Anime is coming to SteamVR VR game publisher Humble Bundle is dropping Vroom VR, a SteamVR app that adds anime to your playing room. You can watch multiple stories, including the

---

original story from when VR apps started to anime-like shorts that have you crying at various parts.

It's called Vroom, and it's essentially a short animated clip with the control of a VR headset, but with a different premise. The goal is to find and save people trapped in an anime-style short. "The world of VR has long been an integral part of our fantasy novels, and we're thrilled to pioneer this

---

genre in the virtual world,” said Humble Bundle CEO Chris King. “Each of our ‘VR Rooms’ is a place where you can escape the real world for a little while and enjoy and entertain your imagination, but no one book could hold all of the stories that could be told in virtual reality. With Vroom, we’re breaking down the walls of these stories, but still keeping them deeply immersive and emotional.”
